Cookies Information

COOKIES

When you visit this Site we will send you a cookie. A cookie stores a small data file on your computer. This file enables us to recognize you each time you visit us. Cookies help us in many ways, for example, by saving your region and language preference and for purposes of collecting non-personal data.

If you do not allow this website to use cookies, then certain features or sections of the Site may not be available to you or may not function as expected. Cookies can also be removed or blocked by following the help directions in your browser.

BROWSER SETTINGS

The Help feature on most browsers will tell you how to prevent your browser from accepting new cookies, how to have the browser notify you when you receive a new cookie and how to disable cookies altogether. Additionally, you can disable or delete similar data used by browser add-ons, such as Flash cookies, by changing the add-on's settings or visiting the website of its manufacturer.

INTERNET ADVERTISING

We use cookies, web beacons (also known as action tags or single-pixel gifs), and other technologies (collectively, "cookies"). Cookies enable us to learn about what content you see, what ads you click, and other actions you take on this Site and other sites. This allows us to provide you with more useful and relevant content. We do not associate your interaction with unaffiliated sites with your identity. We do not provide any personal information to advertisers or to third party sites that display our interest-based ads.
